

Home Insurance: What It Covers?

Home insurance provides financial protection in case your home or its contents are damaged by an unexpected mishap. Mentioned in this infographic are the coverage options provided by a home insurance.

Dwelling Coverage

Pays to repair or rebuild your home, which includes plumbing, electrical fittings, air conditioning etc.

Other Structure Coverage

Reimburses the damage caused to garage, out house, fences, etc.

Theft

Home insurance will pay for your belongings even if they get stolen.

Liability

If a person gets injured in your premises, the policy will pay for his/her medical expenses.

Personal Property Coverage

Compensates for the belongings inside the home, in case they get damaged.

Additional Living Expenses

Pays for rent and eating expenses when the home is temporarily uninhabitable.
